To Whom It May Concern:

Citizen Properties Inc. extensively remodeled a house for us. Shannon Sheehan, President of Citizen Properties Inc., provided clear communication and information. Her office staff was extremely helpful and courteous.

Our experience with the construction crew was excellent. They were always on time, kept the site very clean and provided us with quality workmanship. We are very happy with the end result. So much so that we have employed Citizen Properties Inc. to do a second remodel for us.

Sincerely,

Privacy Preferred
